

# HANGAR TALK

THE NEWSLETTER OF THE MINIATURE AERO SPORTSTERS

## CLUB PRESIDENT-JACK DUNKLE

Hi all, there hasn't been a lot going on as the weather has been bad on and off and my schedule has been crazy. I finally got the firewood delivered and will replace the stove heater smoke stack this week. I'm excited to fly off snow, we have a great time when the snow is right.

Sale of the estate planes and equipment is still active as the planes are finished but there are still a lot of engines and equipment still left. I will try to make a short list of what I have and post it on our Google groups and have Sean post it on our Facebook page. As always you can call or email me anytime or setup a time to come look through what I have. Also don't forget the Snowbird fun fly on Jan.1! More details to come.

Hope to see you all at the field and I wish you all a Happy Holiday season with family and friends!

Thanks,

Jack

Please be sure AMA memberships are renewed as needed throughout the year.

Issues or questions? Please contact me via email, [DBrandy100@msn.com](mailto:DBrandy100@msn.com) or phone, 720.270.8927.

Happy Holidays!

Thanks, Dan

**SAFETY OFFICER-KEN ROBERTS****AMA Member Benefit Spotlight: Safety Guidelines**

November 20, 2023

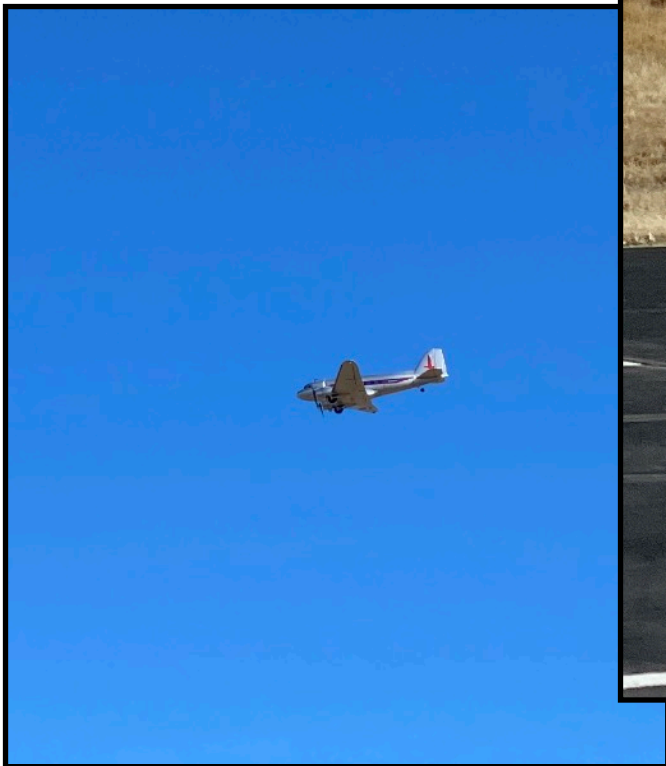

Safety: It's part of AMA's DNA. The model aviation community has always looked to the AMA to create safety practices. Starting in 1936, AMA was focused on keeping our model aviation competition community safe.

As time passed, new activities and models came into existence. With these new models came the need to update safety programs. This process is still very much a part of what AMA does today.

The [AMA Safety Handbook](#) outlines the current safety programs that cover all types of model aviation activities, from personal safety practices to club flying site layouts and event operations. The AMA Safety Program has been designed to mitigate risks and create a safe atmosphere for model aviation enthusiasts.

It is recommended that all members regularly review this document and help create a safe environment for all to enjoy this hobby.
